

## PRIMARY RETURN SHOWS LIGHT VOTE

Ohio, New Jersey and Massachusetts Republicans and Democrats Choose Delegates

## HARDING LEADS IN OHIO

Johnson and Hoover Poll Votes in Almost Every Section, Though Not on Ballot

Boston, April 27. — The completion of returns from more than half the state in today's primaries indicated the probable election of delegates at large on the Republican ticket of Senator Lodge, Speaker Gillette of the national house of representatives, former Senator Crane and Edward A. Thurston, former chairman of the Republican State committee. These four, all pledged to any presidential candidate, were grouped at the head of the ticket.

Former Lieutenant Governor Frothingham, who has declared for Leonard Wood for president, with Herbert Hoover as second choice, was running for fifth place. Former Governor McCall, who has announced himself in favor of Hoover, was sixth, and Congressman Fuller, an out and out Wood man, seventh. Thomas W. Lawson was far behind Fuller, and Russell A. Wood was last.

On the Democratic ticket the "regular" state, headed by Senator Walsh, appeared assured of election, as former Congressman O'Connell, the fifth candidate, was far behind the other four. Senator Walsh's associates are Richard A. Long, twice Democratic nominee for governor, District Attorney Pelletier and Daniel F. Dougherty.

Early returns showed the election of 15 pledged delegates, including those at large to the Republican national convention.

The vote was very light everywhere.

### Vote Including Boston.

Boston, April 27. — Returns from 17 election precincts out of 1,155 in the state, representing 168 cities and towns, including the complete vote of Boston and 12 other cities, in today's primary, give the following vote for delegates at large:

Republicans—Lodge, 22,631; Gillette, 12,755; Crane, 25,342; Thurston, 19,777; Frothingham, 14,308; Fuller, 12,743; Lawson, 7,487; McCall, 10,114; Wood, 4,085.

Democrats—Walsh, 11,652; Long, 2,222; Pelletier, 10,175; Dougherty, 9,792; O'Connell, 3,115.

Here returns indicated the probable election of the four delegates at large heading each of the tickets.

In each case these four are pledged to any presidential candidate. McCall, who has announced himself in favor of Hoover, stood sixth on these early figures. Frothingham, who has declared for Wood, with Hoover as a second choice, was fifth, and Fuller, who is unquestionably for Wood, was seventh. The vote was very light throughout the state.

### Harding Leading in Ohio.

Columbus, O., April 27. — Scattered returns from approximately one-half of Ohio at 10 o'clock tonight showed Senator Warren G. Harding of Ohio to have a slight lead in the presidential preference vote over Major General Leonard Wood of Massachusetts.

One hundred and ten out of a total of 1,552 precincts in the state gave: Harding, 17,378; Wood, 16,633.

Both Johnson and Hoover polled votes in almost every section of the state, although their names were not printed on the ballot. In 648 precincts Johnson received 1,559 and Hoover 1,414 votes.

### New Jersey's Returns Few.

Newark, N. J., April 27. — The vote for the Republican "Big Four" in three districts of Hudson county in New Jersey's presidential primary, the first to report, gave Stokes 9, Runyon 5, Briggs 3, Raymond 3, all pledged to General Wood; Edge 45, Leitch 45, Leitch 49, pledged to choice of voters as expressed at primaries; Ballard 48, Leitch 49, pledged to Senator Johnson.

## STRIKE ON STATEN ISLAND TIES UP TROLLEY SERVICE

New York, April 27. — All trolley service on Staten Island was at a standstill tonight following a walk-out of motormen, conductors, inspectors, firemen and mechanics employed by the Richmond Light and Ferry company. The strike became effective at 10 o'clock. The striking motormen and conductors demand 73 cents an hour, an increase of 30 cents over their present scale. Other employees of the company struck in sympathy with the car crews.

George A. Whalen, commissioner of plants and structures tonight recommended the transportation of 50 buses to the island by ferry to take care of commuters during the rush hours tomorrow morning.

### CABINET IN SESSION.

Washington, April 27.—The third meeting of the cabinet to be called by President Wilson since he became ill was held today in the White House today. It was said that various subjects of their routine in character were discussed.

## REPRIMANDS MCKEAN AFTER SCORING SIMS

Senator Hale Alleges Admiral Indulged in Personalities in His Remarks

Washington, April 27. — Sharp criticism of Rear Admiral Sims voiced today before the senate investigating committee, by Rear Admiral J. P. McKean, former assistant chief of naval operations, resulted in a tilt between Chairman Hale, and Senator Trammell, Democrat of Florida, when Admiral McKean was reprimanded by Senator Hale for indulging in "personalities."

The officer declared he was only following a precedent set by Admiral Sims in his testimony, while Senator Trammell remarked that the chairman's objections to personalities had not run against Admiral Sims' "snapshots."

Admiral McKean, whose appearance followed completion of the cross examination of Captain W. V. Pratt, who had been on the stand several days, insisted that he was not seeking to defend Secretary Daniels or to "damn Sims" in what he said.

"Admiral Sims' charges that delays on the part of the navy department early in the war prolonged hostilities for four months and cost 500,000 additional lives were 'monstrous,'" Admiral McKean said, adding that "if it had been made by a patient in the 'government insane asylum' it could be understood, but that coming from a rear admiral on active list, the head of the naval war college, it was an insult to every officer and man in the navy, or who served in the navy during the war."

"It has been or will be entirely disproved," he declared.

The charge that the department had no plans for war also was unfounded the officer said. He added that one plan in particular had been in existence for years before the war and was corrected up to the time the United States joined the allies and constantly changed as the situation altered during the war. The plan was not perfect, he said, because of new elements injected into the war by the German submarine campaign.

## FORD TO REORGANIZE HIS MOTOR INTERESTS

Project, Reincorporated Under Delaware Laws, Will Have a Capital Stock of \$100,000,000

Lansing, Mich., April 27. — Formal notice of the proposed re-organization of the Ford Motor company and other interests of its stock holders, was filed today with the secretary of state. The papers indicated that the automobile and tractor business will be consolidated and re-incorporated as a \$100,000,000 Delaware corporation.

The corporate powers of the new company will permit it to manufacture air-craft, internal combustion locomotives and railroad cars and continue the automobile, truck and tractor business, now conducted separately.

The capital stock, it is understood, will be held by Henry Ford, Edsel D. Ford and Mrs. Henry Ford.

Incorporation is to be under the Delaware laws because the Michigan statutes do not permit organization of a company with a capital stock of more than \$20,000,000.

### END TEIPER CASE FRIDAY

Summing Up in Long Standing Buffalo Murder Trial Will Be Begun by Defense Today

Buffalo, April 27. — The case of John Edward Teiper, charged with murder of his mother, Mrs. Agnes M. Teiper, in the orchard park road on the night of January 20, 1916, will go to the jury Friday morning. The defense will sum up tomorrow and the prosecution on Thursday. At the first trial of the case Teiper was convicted of second degree murder. A new trial was ordered by the appellate division.

The defense rested today following the testimony of Grace J. Teiper, the defendant's sister, and Mrs. Laura N. Teiper, his wife. Grace Teiper, the defendant was the sole survivor of the tragedy in which their mother and brother, Frederick, were murdered. Miss Teiper, who was beaten into insensibility by the murderer, swore today that she had no recollection of the tragedy nor the events immediately preceding it. She also gave testimony relative to the financial status of the defendant at the time of the murder.

### MAIL PLANE WRECKED.

Orange, N. J., April 27.—Three hundred pounds of mail was destroyed today when a postal plane on its way from Washington to Newark became lost in a fog over the Orange mountains, grazed some trees on the hillside, crashed to the ground, and burst into flames. Wesley L. Smith, pilot, was only bruised.

### FEDERATE WAR SOCIETIES.

Omaha, Neb., April 27 — C. F. Adams, chairman of the National Committee for the federation of all war societies, today called a meeting of committees of the G. A. R., Spanish War Veterans, American Legion, Veterans of Foreign Wars and World War Veterans to be held at Washington, May 14.

## POST IS ACCUSED OF ILLEGAL ACTS

Allegations That the Secretary Blocked Deportation of Alien Radicals Are Publicly Made

## NUMEROUS CASES CITED

Some Impeachment Proceedings Against Post Are Sought in a Resolution of Rep. Hoch

Washington, April 27. — Illegal actions of Louis F. Post, assistant secretary of the department of labor, resulted in blocking deportation of alien radicals, members of the house declared today before the rules committee.

"The responsibility lies at the door of Secretary Wilson for not recommending removal of such a man, if the charges are true," Representative Rodenberg, Republican of Illinois, a member of the committee, declared during the hearing which inaugurated investigation of Mr. Post's official conduct.

Representative Johnson, Republican of Washington, chairman of the house immigration committee, presented a report by committee investigators on more than 300 cases, in which it was said Mr. Post had cancelled or stayed deportation recommended by immigration authorities. Counsel for Mr. Post interrupted to assert that Commissioner General Caminetti, of the immigration bureau, was without legal authority to make any recommendations regarding deportation warrants.

Representative Siegel, Republican of New York, accused Mr. Post of bringing the deportation law "into disrepute and making deportation proceedings a farce and a joke." He added that there had been "many plain violations of the law," but Representative Tinscher, Republican of Kansas, another witness, declared he doubted whether Mr. Post had violated the law, although he contended that the assistant secretary had unquestionably abused his discretionary authority.

Thirty-eight cases were cited by Representative Hoch, Republican of Kansas, author of the resolution that led to the investigation in which Mr. Post was alleged to have released accused agitators without awaiting to review the evidence on which the charges were predicated. With Mr. Johnson, Hoch also charged that Mr. Post for a time accepted a decision of Secretary Wilson that mere membership in the Communist party was sufficient ground for deportation, but that later Post "changed his mind" and did not follow this ruling.

Mr. Johnson charged in this connection that Mr. Post called for as many as a hundred cases a day in order to release accused aliens.

While the Hoch resolution looks to a possible impeachment proceeding against Mr. Post, Republican leaders plan for a complete preliminary inquiry by the rules committee and in event of an adverse finding to propose a resolution calling for Mr. Post's removal.

### CONSIDER ANNUAL NAVAL BILL

Senate Virtually Completes Consideration of Appropriation in 80 Minutes

Washington, April 27.—Passing on appropriations with record breaking rapidity, the senate late today virtually completed consideration of the annual naval appropriation bill.

Within 80 minutes and virtually without debate, appropriations of \$464,891,000 were approved as compared to \$124,500,000 authorized by the house. With the exception of one minor item, the bill was made ready for passage tomorrow.

There was no discussion, whatever, of the building program, for which appropriations were increased from \$45,000,000 to \$52,000,000 in order to expedite completion of the three-year program ordered in 1915.

### YOUNG VANDERBILT TO MARRY.

New York, April 27.—A license was issued late today to Cornelius Vanderbilt Jr., and Miss Rachael Littleton, a sister of Martin W. Littleton, who will be married at St. Thomas church on Fifth avenue next Thursday. Mr. Vanderbilt gave his age as 21 and his occupation as a reporter. Miss Littleton, who resides in this city with her parents, Mr. and Mrs. Thomas J. Littleton, stated in her application that she was born in Kingston, Tenn., 20 years ago.

### WORKERS' ULTIMATE AIM.

Rochester, April 27.—Sidney Hillman, president of the Amalgamated Clothing Workers of America, continuing his testimony today in the trial of the suit of Michaels, Stearns and company against the Amalgamated, declared that the ultimate aim of the workers was to pass out of the status of wage earners and become participants in co-operative industries.

### SIGN COM WAGE PACT.

Altoona, Pa., April 27.—Representatives of the bituminous coal operators and miners in the central competitive district in conference in Philadelphia for more than three weeks, yesterday agreed upon and signed a wage scale for a period extending from April 1, 1920, to March 31, 1922. News to this effect was received here today.

## PUBLIC SCHOOL CRISIS DATA IS BEING SOUGHT

Nationwide Campaign to Learn How to Deal With Problem Has Been Started

New York, April 27. — A nationwide campaign to "measure service of teachers, school equipment and courses of instruction," so that every municipality may know how to deal with its public school problem, has been started, it was announced here today, by a national committee composed of secretaries of Chambers of Commerce and superintendents of schools representing 64 American cities.

On the ground that the public schools of the United States are facing a grave crisis due to the alleged need of \$2,500,000,000 to provide adequate buildings, and \$200,000,000 for raising salaries to stop the increasing shortage of teachers, the national committee says that it is enlisting the aid of Chambers of Commerce all over the country for the purpose of acquainting every citizen and taxpayer with the facts.

The committee was organized last February at a meeting in Cleveland, O., called by Dr. George D. Strayer of Columbia university, chairman of the commission on emergency in education of the National Education association, and the American City bureau. Officers of the committee were elected as follows: Dr. Strayer, chairman; Herbert S. West, Rochester, N. Y.; Harold Davidson, Erie, Pa.; Fred A. Richardson, secretary. New York executive committee: Henry Snyder, Jersey City, N. J.; R. G. Jones, Cleveland, O.; J. H. Beveridge, Omaha, Neb.; Raymond E. Gibbs, Kansas City, Kan.; S. B. Price, Bridgeport, Conn.; E. L. McColligan, Dayton, O.

The conference decided that the Chambers of Commerce could render effective aid only upon the basis of a careful survey of local school conditions for the purpose of comparing them with other cities, the idea being thereafter to enlist all community forces for the development of the public school system.

The first questionnaire sent to Chambers of Commerce and superintendents of schools of all cities with a population of 8,000 and more, and which will be followed by four other questionnaires, makes the following inquiries: "How much training do your teachers have? How well do you pay your school employees? What special inducement do you offer the teachers in your schools? Later questionnaires will ask, among other things: 'How well do you house your school children? What is your educational program? How adequately do you safeguard the children's health? How much does education cost your city? How will the rising costs be met?'"

The American City Bureau here which, with Dr. Strayer, initiated and is carrying out the present plans, announced its desire "to make the main facts in the present emergency quickly available" for those cities where school problems are pressing hardest for solution. The question of getting high grade teachers and school employees, he said, has become a more perplexing one than ever before. Many men and women, it is said, have stopped going to normal schools and teachers colleges to prepare themselves as pedagogues. In round numbers, Secretary Richardson said, there will be 50 per cent fewer graduates from these schools in the United States in 1920 than in 1917.

"The United States is now actually 25,000 short of the number of teachers required to fill positions," said Mr. Richardson. "This shortage exists after about 65,000 make-shift teachers have been employed; in other words, the real shortage of trained and experienced teachers is fully 100,000. The cost of living has increased at least 50 per cent in the past six years and yet teachers have had a salary increase of less than 50 per cent since 1914. Building programs also have been held up by the war. Many communities have outgrown their school plants and overcrowded half-day sessions, and the forced use of portable and temporary school buildings have been evils which cry out for remedy."

### NEW YORK'S EXPENSES JUMP

City Budget for 1921 Will Show an Increase of \$70,000,000 Over Present Figures

New York, April 27. — City officials estimated today that the city budget for 1921 will be increased \$70,000,000 to \$79,000,000. In cases in which salaries will amount to \$20,000,000 they estimate, while other salary increases will add \$5,000,000. The growth in general municipal expenses will account for the rest.

The amount required for teachers' salaries will be provided for by a short term loan. This, with an increase in the city's issue of special revenue bonds from \$2,000,000 to \$5,000,000, which officials learned today, was authorized in an act passed by the legislature to pay the increased compensation to employees other than teachers, will be a charge in the budget for next year.

### AMUNDSEN BOUND FOR NOME.

Washington, April 27. — Reald Amundsen, who set out two years ago in an effort to reach the North Pole, is returning to Nome, Alaska, according to a message received by the navy radio station at Cordova, Alaska, today, from Anadyr, Siberia. He will proceed to Seattle.

## LIND SAYS MEXICO NEEDS EDUCATION

President's Personal Representative Tells of Conditions in Neighboring Country

## PLEADS FOR PATIENCE

Compares Loss of American Lives and Property in Mexico to Conditions Here

Washington, April 27.—The personal story of John Lind, former governor of Minnesota, of his experiences in Mexico as President Wilson's personal representative, was told today to the senate investigating committee. Included was some account of his effort to induce Victoriano Huerta to abdicate the dictatorship he held following the overthrow of the Madero government and before American occupation of Vera Cruz.

Revolution was necessary in Mexico, Mr. Lind contended, to rectify social and economic conditions, "though it will take decades to bring the people up to our standard." He denied with particular warmth that he had ever, as Examiner Kearsuff of the committee asked, "attributed all of the ills of Mexico to the influence of the Catholic church."

"What poor Mexico needs is education," Mr. Lind declared, "and it is very unfortunate that the influence of the Catholic church has been against schools in Mexico. As in the United States, its influence has not been in the direction of establishing and maintaining public schools."

"Though I do not know what the present condition is, it behooves us as a great neighbor of a weak country to be very patient, not judge them as we would England, France or Canada, as to their responsibility in international affairs."

"Do you think we should refrain from insisting upon protection for American lives and property in Mexico?" Attorney Kearsuff asked.

"No, of course not, nor do I think the best protection will be afforded such interests by a military, warlike attitude on our part," Mr. Lind responded.

"When for five years running our strongest verbal representations have been disregarded," Attorney Kearsuff continued, "when 30,000 Americans have gone to financial ruin in Mexico, when hundreds have been murdered and we find nothing but levity for our further representations, what should be our attitude?"

"That's not for me to answer," Mr. Lind retorted. "I think the statement is much exaggerated. Many have suffered loss of life and property from criminals in this country during the same period."

## HOLD UNIONS CONTROL RAILROAD OPERATIONS

Necessity of Organized Effort to Combat Such Conditions Is Strongly Urged

Atlantic City, N. J., April 27.—Discussion of labor's relation to capital, to which the chamber of commerce of the United States in convention here will devote its Thursday session, began with the railroad group tonight when speakers urged the necessity of an organized effort to combat the control it was alleged union labor has assumed over operations of the railroads.

R. H. Angell, banker and lumberman, and acting mayor of Roanoke, Virginia, who precipitated the discussion, declared "union labor now is in control of the railroads, absolutely, and if we wait a little while they will have a strangle hold upon us from which we cannot extricate ourselves." He asserted he was not antagonistic to labor nor to workmen, but he was opposed to anything like the dictatorial Plim plan, which aimed to first paralyze the railroads and then throw them into government control.

He said it was not possible "for railroad officials to wait upon the will of every little clerk."

The report of the committee, signed by George A. Post of New York, chairman, declared "railroads are entitled to receive from shippers and passengers rates that will pay them a living wage for services performed, and it is the duty of the public to insist that its representatives in city councils, in the state legislatures and in the national congress shall establish by legal enactment a transportation policy that is sound from a business standpoint."

The report was unanimously adopted.

The foreign commerce group tonight adopted resolutions offered by William C. Redfield of New York, former secretary of commerce, that the trade embargo against Russia be lifted.

### MEXICAN FEDERALS REVOLT.

El Paso, Texas, April 27. — Private advice reported from Juarez this afternoon said that the 62nd Mexican federal regiment, under Colonel Belario, in Chihuahua City, had revolted. No fighting was reported as a result of the defection.

## MEXICANS PLAN ATTACK ON MEXICAN CAPITAL

Many Soldiers from All Over Sonora Are Mobilizing at Agua Prieta

Agua Prieta, Sonora, Mexico, April 27.—Rebel troops are preparing to march on Mexico City from the state of Guerrero, General Peltas Calles, commander in chief of the liberal constitutional army, announced here tonight.

Capture of Mazatlan by the rebels they expect, will easily lead to the subjugation of the balance of Sonora, which is said to be sympathetic with the Sonora cause. In Jalisco, near state south, revolutionary forces are said to be making headway, as is reported also the case in Colima, where the capital city of Colima and the port of Manzanillo are objectives of the victorious rebel troops. Michoacan also was reported in revolt against Carranza and adjoins Guerrero.

General O'Brien was said to be directing the revolutionary movement in Guerrero, after having fled recently from the Mexican capital. Reports from El Paso that a force of Carranza troops in Chihuahua city had revolted, gave strength to the rebel assertion that Carranza officials, massing troops in Western Chihuahua for an attack on Sojora, were having difficulty in organizing their men for battle.

More soldiers arrived here today from eastern Sonora and southern parts of the state. More were en route, it was said, and it was stated at military headquarters that should Carranza postpone an attack on Sonora, rebel troops from this state would attack Chihuahua.

## COLBY GIVEN MILLION BY COCA COLA COMPANY

"Beneficial Certificates" Were in Settlement of an Alleged Breach of Contract

Atlanta, Ga., April 27. — Testimony that \$1,000,000 in beneficial certificates was paid by the old Coca Cola company in 1917 to the New York law firm of Colby & Brown, of which Bainbridge Colby, now secretary of state, was a member, in settlement of a claim for breach of contract, was presented today in the hearing of injunction proceedings against the Coca Cola company of Delaware by the Atlanta and Chattanooga Bottling companies.

S. C. Dobb, president of the Coca Cola company, testified that Colby & Brown submitted a plan for reorganization of the old Coca Cola company which was not carried out. The certificates given the firm, he said, were in no sense a fee, but in settlement of the claim for alleged breach of contract, growing out of the negotiations handled by the firm for the sale of the old company.

### FOR CANADIAN MINISTER

Dominion Government Appropriates \$50,000 to Send Representative to Washington

Ottawa, Ont., April 27. — An appropriation of \$50,000 for the expenses of the proposed Canadian representation at Washington is provided for in government estimates, it was stated in official circles here today.

No appointment to the post has been made yet, although it was said that consideration is being given to the question of the status of the proposed representative. Officials said that an appointment will be made and that the representative will act directly for the Canadian government in domestic matters between the United States and Canada and will co-operate with the British ambassador on questions of general policy.

## RAIL STRIKE SITUATION IS STEADILY IMPROVING

Chicago, April 27. — Continued improvement in railroad traffic was announced today by the Railroad General Managers' association. "The number of switchmen on duty in Chicago was increased today by 231, bringing the total to 2,214," a statement said.

"Of this number 1,125 are men who were on strike, 525 are new men and 569 men brought in from other points."

No further efforts toward ending the walkout were made by the insurgent switchmen, who repeated their previous forecast of ultimate victory.

### SURRENDER POLICE BARRACKS.

Tipperary, Ireland, April 27. — The Rathfarnham police barracks in County Limerick surrendered to 100 men who assaulted it with rifles and explosives this morning. The siege lasted three hours. The victors seized arms, ammunition and bicycles belonging to the garrison and burned the barracks. Three policemen and one of the attacking party were wounded.

### EVENING PAPERS GO UP.

Des Moines, Ia., April 27. — The prices of evening papers in Des Moines went from one cent to two cents a copy on street sales in the city today.

## CANDIDATES VIEW RURAL PROBLEMS

Co-operative Bargaining, Improved Rural Credit and Other Issues Publicly Discussed

## SOME ALREADY KNOWN

Lowden, Hoover and Wood Call Attention to Speeches or Printed Articles

Washington, April 27.—Approval of co-operative bargaining, improved rural credit, reduction in the growing "evil" of farm tenancy and national conservation was voiced by Presidential candidates who have answered the recent political questionnaire of the national board of farm organizations. The replies were made public today from Governor Lowden, Senator Owen, James W. Gerard, former ambassador to Germany, Herbert Hoover, Major General Leonard Wood. That from William G. McAdoo has already been published.

Governor Lowden, Mr. Hoover and General Wood each called attention to speeches or printed articles, which, they said, fully answered the questionnaire.

"I believe in bringing the farmers nearer the consumer," General Wood wrote, "and in giving farmer organizations every right and privilege which other lawfully constituted organizations enjoy. I believe that we should spread the war burden over a much longer period of years than at present contemplated; and that good business should be encouraged and that business regulated."

"I am very doubtful concerning government ownership of railroads, my doubts arising from my experiences during the war."

Senator Owen approved all the planks of the farmers' platform except that making the nominee for secretary of agriculture acceptable to farmer organizations.

"I think the nomination should be of such character that they will naturally approve the nomination," he added.

Mr. Gerard's approval was blanket with the exception of the plank calling for payment of the war debt, "chiefly through a highly graduated income tax."

"While I am in favor of a highly graduated income tax," Mr. Gerard explained, "I do not believe that the war debt should be paid entirely by a few peoples in the community."

Senator Lenroot submitted a detailed reply "as a private citizen," reiterating his public statement that he was not a candidate, and Governor Spruell, of Pennsylvania, also denied that he was considering entering the race.

These answers and others received will be sent to the membership of the farm organizations for their information, it was stated.

## SOLDIER RELIEF PLANS CAUSE ALL-DAY DEBATE

Insurgent Republicans Favor Retroactive "War Profit" Tax Rather Than One on Sales

Washington, April 27. — The fight over method of raising almost two billion dollars for the soldier relief legislation precipitated an all-day debate in the house today during which the Republicans on one side and the combination of Democrats and insurgent Republicans on the other explained their proposals.

Representative Johnson, Republican of South Dakota, announced that 75 Republican "insurgents" favored a retroactive "war profit" tax instead of a sales tax proposed by Republican leaders. His statement, if borne out later, would indicate an upset of the Republican program for passing the bill Monday without permitting action on the "war profits" tax proposal. Representative Garner of Texas, the Democratic whip, predicted that the results of the Republican caucus next Friday night would be to "whip" the insurgents into line.

Atlantic City, April 27.—The United States Chamber of Commerce would go on record as opposed to the granting of a bonus to soldiers who served in the World War by adoption of a resolution submitted for action by the resolutions committee at the initial session of its eighth annual convention here today.

The resolution as presented declared that "not only half a million negroes in the south, who probably would receive \$500 or \$500 each, would immediately quit work until the money was spent," but predicted there would be generally "an orgy of spending," that labor would be disorganized and production decreased.

### STEEL EARNINGS INCREASE.

New York, April 27.—Total earnings of the U. S. Steel corporation for the first quarter of 1920 show an upward trend from the final quarter of 1919. The aggregate of \$42,052,019 representing an increase of \$6,297,117. Net incomes of \$31,323,701 increased \$8,232,426 and surplus of \$10,728,318 a gain of \$8,159,757. Regular dividends of 1 1/2 per cent on the preferred and 1 1/4 per cent on the common were in keeping with general expectations.

## MARKET IS IRREGULAR WITH TRADING ACTIVE

## Substantial Gains in Reading Issues Follow Court's Decision in Its Own Case

New York, April 27.—The decision of the supreme court in the Reading case, acute weakness of foreign exchange, the proposed retroactive 50 per cent war tax, and several favorable statements of railroad and industrial earnings, comprised the conflicting developments of today's active and irregular session of the stock market.

Early and midday trading was characterized by further substantial gains in Reading issues. The advance also embraced affiliated coalers, such as Central Railroad of New Jersey, Delaware and Hudson, and Delaware, Lackawanna and Western, heightening the impression of an early segregation of assets.

Other rails, notably transcontinentals and trunk lines, had their periods of activity and strength. Union Pacific presenting an excellent report for 1919. Among industrials recent strength of American Woolen was explained by the issuance of the 1919 statement, disclosing earnings of almost \$40 on the common stock.

U. S. Steel was less prominent than usual on its quarterly meeting day and offered no clue to any change of dividend policy. Earnings for the first three months of the year, made public after the close of the market, exceeded popular estimates, showing \$2.33 gained for the common stock.

Motors, oils, steels, equipments, shipping and numerous miscellaneous specialties furnished their customary proportions to the day's enlarged operations at extreme gains of two to 10 points, but in every noteworthy case these were cancelled later.

Heavy selling of the last hour coincided with a 10 per cent money rate and Washington advices indicated progress of the war tax measure, but exchange rallied slightly. Total sales amounted to 1,250,000 shares.

Railroad bonds were strong for a time, but eased with the stock list at the end. Liberty issues with one or two exceptions closed at nominal gains. Total sales, par value, aggregated \$13,875. Old U. S. bonds were unchanged on call.

## HOSPITAL SOON TO OPEN

Board of Control of Delaware County Tuberculosis Hospital Decides to Receive Patients About May 15.

Delhi, April 27.—The board of control of the Delaware County Tuberculosis hospital met at the hospital on Monday afternoon with all members present except Dr. H. J. Goodrich, who has been ill for some time and felt unable to attend. The regular routine business of the hospital was transacted and it was decided by the board to open the hospital for the reception of members on May 15. A committee consisting of the president and the superintendent will go before the next meeting of the board of supervisors and ask for some alterations and other improvements.

The hospital is free for people suffering with tuberculosis residing in Delaware county who are unable to pay. Non-residents and those who are able to pay will be admitted at the rate of \$3 per day. Patients will be admitted upon the payment of any fraction of this sum according to their means. Application blanks for admission will be placed in the hands of the various health officers in the county, or may be secured from the superintendent of the hospital.

It is expected that Miss Loretta Burke, formerly of Oneonta, will be chief nurse and Dr. Grover A. Stillman is the superintendent.

Jewelry Business Changes Hands.  
George Henderson of Brooklyn has purchased the jewelry business lately conducted by the late Edwin L. Stevens. Mr. Henderson has already taken possession and is doing business. He is an expert optician and optometrist, and will undoubtedly command a good business. Mr. Henderson's wife and child will arrive next week and take up their residence here.

Presides at Surrogate's Court.  
Judge McNaught being still engaged holding court in the Bronx district, Attorney A. Lindsay O'Connor again presided at surrogate's court today.

Considerable business was transacted and many lawyers of the Delaware County bar were in attendance. Lawyer Vincent D. Stearns of Beacon, who is the lawyer for the administratrix in the estate of the late Helen M. Lewis of Hancock, was present in connection with the estate mentioned.

Removals.  
Mr. and Mrs. A. C. Wyer are moving from the William Fish house on Elm street to the Howard Youmans house on High street.

Frank Farrington is moving his office this week from rooms over Thompson & Hall's restaurant to rooms in his garage which have been renovated for that purpose.

## COOPERSTOWN MAN INJURED

F. H. CHRISLER AND J. F. BRADY  
VICTIMS OF AUTO ACCIDENT.

Ford Coupe in Which They Were Riding Collided with Utica's Statz, but All Escape Serious Injury.

Cooperstown, April 27. — F. Harold Chrisler of this village, a brother of Mrs. Clifford Morris of Oneonta, is in the Homeopathic hospital at Utica with serious injuries as a result of an auto accident which took place this morning at 3 o'clock. Chrisler was

on his way home from Utica in the Ford coupe driven by Joseph F. Brady, also of Cooperstown, and when about a quarter of a mile from Saquoit the machine collided with a Statz car driven by W. A. Widman of Utica. All three men were injured and they were removed to the Homeopathic hospital. Widman suffered the least of the three and after his injuries had been dressed was able to go to his home in Utica. Chrisler and Brady are still confined to the hospital, however, the former with a broken jaw bone and several bruises on the head, and

the latter with bruises about the body. Neither one is considered in a serious condition.

The accident is believed to have been caused by one or both of the drivers becoming drowsy and losing control. Motorists visiting the scene of the accident expressed surprise that they escaped with their lives. Both cars were wrecked beyond repair.

## Cooperstown Baker Married.

The marriage of Miss Hazel Ames and George Raubacher took place today at the home of the bride's sister in West Winfield and was a quiet affair owing to the recent death of the bride's father. No wedding breakfast was served, and immediately following the ceremony Mr. and Mrs. Raubacher left for Utica, where they will spend the week. Upon their return, they will make their home on Leatherstocking street.

Mr. Raubacher is employed as a baker by Schneider Brothers and is a well-known and highly-respected Cooperstown citizen. His bride is a graduate nurse, having completed her course at Thanksgiving hospital here several years ago. Heartily congratulations will be extended by many friends of the couple.

## Death of Frank E. Foster.

News of the death of Frank E. Foster, aged 60 years, was received here today with regret by the many friends of himself and wife, who was formerly of Cooperstown. Mr. Foster, who was a prominent Brooklyn real estate operator, died suddenly yesterday morning while inspecting some property under his management. The funeral will be held in Brooklyn and the body brought to Cooperstown later in the week for burial.

Mr. and Mrs. Foster had spent their summers in Cooperstown for several years past and were well known here.

Mrs. Foster was Nellie Sylvester, daughter of the late Isaac E. Sylvester. She survives him, but they have no children.

## Recent Removals.

Mr. and Mrs. J. Edgett have moved to 25 Susquehanna street, this village, from Mohawk.

dence at Five Mile Point, which he recently purchased and changed from an inn into a residence.

Fred Taber, former superintendent of the county farm at Phoenix Mills and lately manager of Edward Clarke's Fenimore Farm here, has moved to New Lisbon.

Fred Wilder, a Utica electrician, has arrived in Cooperstown and is being employed by the Clark estate.

Charles Thayer has moved from W. T. Hyde's farm to Cooperstown village.

to observe Americanization Day.

Americanization Day, which has been fixed by Governor Smith for Saturday, will be observed in Cooperstown with appropriate exercises. At 7 p. m. there will be a parade of the village military and civic organizations, and this will be followed by an address at the court house by Hon. Francis M. Hugo, secretary of state.

## Junior Class To Hold Dance.

The members of the junior class of Cooperstown High school will hold a dance in the High School building Friday evening from 8:30 to 11:30. The class orchestra will furnish music.

## Two Citizens Nearing End.

Armine H. Gazley and John Potts, both highly respected residents of this village are critically ill with heart trouble and are not expected to long survive. Mr. Gazley, the well-known boat builder, who is about 60 years old, has been ill for some time and no hope is expressed for his recovery. Mr. Potts, who is about 75 years old and the brother of Ex-Pastor Potts, is confined to his home on Eagle street.

## NEW MIDDLEFIELD PASTOR.

Rev. and Mrs. J. G. Rice Given Reception at Parsonage Friday Evening.

Middlefield, April 27. — Rev. J. G. Rice, the new pastor of the local Methodist Episcopal church, with his wife, was given a reception in the parsonage last Friday evening by about 40 church members and friends. The evening was pleasantly passed in a social way, and several musical selections were rendered. Later, delicious refreshments were served. Following the reception, a brief meeting of the official board took place, at which plans for the future welfare of the church were discussed. The new pastor and his wife have made a very favorable "first impression" and all will wish them success in their new field of labor.

## SUFFERING OF YOUNG WOMEN

This Letter Tells How it May Be Overcome—all Mothers Interested.

Fort Dodge, Ia. — From the time my daughter was 15 years old until she was 16 she suffered so badly each month that sometimes I had to call in the doctor. She had headaches, backache and such pains and cramps that she would have to stay in bed two or three days. She became terribly run down in health and at last a friend who had used Lydia E. Pinkham's Vegetable Compound told her about it and she has used 16 bottles, and we always have it in the house. She feels fine now and she has no trouble at all each month. We always praise it and advise any friends who suffer to use your wonderful medicine." — Mrs. MINNIE MANDELKO, 1005 S. 18th St., & 10th Ave., Fort Dodge, Iowa.

Girls who are troubled as Miss Mandelko was, should immediately seek restoration to health by taking Lydia E. Pinkham's Vegetable Compound. Those who need special advice may write to Lydia E. Pinkham Medicine Co. (confidential) Lynn, Mass. These letters will be opened, read and answered by a woman and held in strict confidence.

## After Whooping Cough—What?

This is No. 4 of a series of advertisements, prepared by a competent physician, explaining how certain diseases which attack the air passages—such as Pneumonia, Influenza, Whooping Cough, Measles or even a long continued Cold—often leave these organs in an inflamed, congested state, thus affording a favorable foothold for invading germs. And how Vicks' VapoRub may be of value in this condition.

Whooping cough is the "meanest" disease that childhood is heir to. While rarely fatal in itself, except to children under two years of age, still it hangs on so long—the coughing paroxysms are so violent, preventing proper sleep and digestion—that when the disease does disappear it leaves the child weakened and run down. In addition the violent coughing racks and strains the air passages and after recovery this irritation frequently remains.

During this period of convalescence the child should be most carefully watched until full strength is restored and the air passages regain their normal tone. A prominent authority even goes so far as to say—"There is more criminal neglect in connection with whooping cough than with any other disease."

While the disease is active, Vicks' VapoRub usually helps to lessen the violence of the coughing, but it is during convalescence that Vicks is most valuable.

Because Vicks acts locally by stimulation thru the skin to

draw out the inflammation, attract the blood away from the congested spots and relieve the cough. In addition the medicinal ingredients of Vicks are vaporized by the body heat. These vapors are breathed in all night long, thus bringing the medication to bear directly upon the inflamed areas.

Vicks should be rubbed in over the throat and chest until the skin is red—then spread or thickly and covered with hot flannel cloths. Leave the clothing loose around the neck and the bed clothes arranged in the form of a funnel so the vapors arising may be freely inhaled. If the cough is a frequent swallow a small bit the size of a pea.

Children's digestions are delicate—easily disturbed by too much "dosing." Vicks, therefore, is particularly recommended, since it is externally applied and so can be used often and freely without the slightest harmful effects.

Samples to new users will be sent free on request to the Vicks Chemical Company, 234 Broad Street, Greensboro, N. C.

## LOCAL MENTION.

—Dr. L. S. Lang is confined to his  
home by a mild attack of scarlet  
fever, which of course precludes his  
seeing patients or caring for his  
practice.

—Judge A. L. Kellogg took  
a day off yesterday and vis-  
ited a favorite haunt in Del-  
aware county and returned with a  
fine basket of brook trout.

—Remember that today is the final  
day of the police benefit at the One-  
onta theatre and encourage the men  
of the department by making the  
last day a record one. There will be  
three performances, at 2:30, 7 and 9.

—The Sunday school class of Rev.  
Dr. B. M. Johns of the First Methodist  
church held a social session at  
the church parlors last evening at  
which the members and their hus-  
bands were present. Light refresh-  
ments were served and all enjoyed the  
evening.

—The Emily Reynolds Standard  
Dealers society of the First Methodist  
church will give an entertainment in  
the parlors of the church Friday eve-  
ning, April 30th. The farce, "Thanks-  
giving Anna," which will be given, is  
well worth hearing, also other very  
interesting and entertaining numbers.  
A free-will offering will be taken for  
foreign missionary work.

## O'Dell's in Critical Condition.

The condition of Mrs. Howard L.  
O'Dell and her two children, of West  
End avenue, who have been suffering  
with severe attacks of scarlet fever,  
remains critical. Dr. Tarbox, the  
family physician, reported last night  
that all three were suffering from  
complications of the disease. The  
two children are slightly improved,  
though still in a critical condition,  
and Mrs. O'Dell remains very ill, rheu-  
matism of the joints having followed  
the scarlet fever. Misses Vogel and  
Grosse, graduate nurses from Ulster,  
are in attendance. The many friends  
of the family will hope for an early  
improvement in the distressing situ-  
ation.

## TWO ARE STRUCK BY AUTOS

George Hotelling, an employe of  
Demere & Riley, is confined to his  
home at 142 Chestnut street, suffering  
with painful injuries he received yes-  
terday afternoon shortly after 5  
o'clock. Mr. Hotelling was riding his  
bicycle home from his work at the  
new plant of the Oneonta Sales com-  
pany and when at the corner of Chest-  
nut and West streets was struck by  
the Ford delivery truck of R. J. Tor-  
rey & Son, which was coming east  
on Chestnut street and turning up into  
West. Hotelling was thrown from his  
wheel to the pavement and was pick-  
ed up and carried to his home by the  
driver of the truck, Bert Face, of 11  
Otsego street.

Dr. Latcher was summoned and  
found that the injuries, though pain-  
ful, were not serious, consisting of bad  
bruises and cuts about the head and  
legs. The injured man was made as  
comfortable as possible and although  
suffering from the pain, it is not be-  
lieved the hurts will prove serious.

After the accident, Face reported  
the collision to police headquarters.  
He said his view was obstructed by  
rain drops on the windshield, a sud-  
den and heavy shower having prevail-  
ed at the time.

Another accident occurred yester-  
day on Chestnut street, which result-  
ed in minor injuries to the eight-year-  
old son of Floyd E. Blazo of Lower  
Chestnut street. The boy was on his  
way home from the Chestnut street  
school at noon and while crossing  
the street to his home was struck by  
a car driven by C. L. Kingsbury of  
Binghamton. Mr. Kingsbury took the  
little fellow to his home, where it is  
said he is recovering nicely, his in-  
juries consisting of painful bruises  
about the body.

## OFFICERS' NIGHT AT CLUB.

Interesting Program Last Evening at  
Meeting of Woman's Club.

Reports of the chairmen of various  
club committees were read at a busi-  
ness meeting of the Woman's club held  
last evening and showed the club to  
be in an excellent condition and with  
a growing interest among members in  
the work being carried on by the or-  
ganization.

The newly-elected officers, whose  
names were published in The Star at  
the time of their election, were in-  
stalled at last night's meeting. The  
retiring president, Mrs. Roscoe Briggs,  
made a neat speech when she handed  
the gavel to Mrs. M. C. Henssler, the  
new president, who responded in a few  
well-chosen words.

Following the business meeting, a  
pleasing musical program was carried  
out by the Glee club of the Woman's  
club, which gave several numbers in a  
delightful manner. The evening  
closed with the service of delicious re-  
freshments.

## THROWN UNDER ENGINE.

Yard Conductor John L. Young Nar-  
rowly Escapes Serious Injuries.

John L. Young of 47 River street,  
the well-known D. & H. yard con-  
ductor, had a narrow escape from  
serious, and possibly fatal, injuries  
yesterday in the local yards. Just how  
the accident happened, no one seems  
to know, but at all events Mr. Young  
was thrown under the engine on which  
he was riding and rolled along the  
tracks for several yards. Fortunately,  
the wheels of the engine did not pass  
over him, and he was soon picked up  
and taken in the ambulance to the  
Fox Memorial hospital, where it is  
reported that his injuries consist of  
painful bruises about the body and a  
dislocated shoulder. His condition is  
not considered serious, though he  
probably will be incapacitated for sev-  
eral weeks.

The expense of having the protection  
of a safe deposit box in our burglar  
and fire proof vault every day and  
night is less than two cents a day.

Don't you think it is worth that  
much to be certain that your impor-  
tant documents and valuable gems are  
absolutely safe?

## ONEONTA AGENCY, INC.

Former by C. J. Vandusen to Do  
Real Estate and Insurance Business.

Announcement was made yesterday  
of the incorporation of the Oneonta  
Agency, Inc., with Charles J. Van-  
dusen as president and treasurer,  
John B. Vandusen, vice president,  
and City Judge Frank C. Huntington  
as secretary. This concern has been  
formed by the president who will be  
the active head of the enterprise and  
who returned to his home city from  
New York a few weeks ago to engage  
in business here.

The company is formed to do a  
general insurance business, dealing in  
fire, automobile, life, plate glass and  
workmen's compensation insurance,  
and will also act as real estate brok-  
ers and is already listing property for  
sale.

Mr. Vandusen is a young man of  
energy and good business ability and  
his many friends cordially welcome  
him back to the home town and to  
active participation in its commercial  
activity. The offices of the agency are  
located at 245 Main street in the Lane  
& Scatchard block where Mr. Van-  
dusen will be pleased to see all his  
friends and others interested.

## Struck by Water Crane.

Harold A. Dewey, a D. & H. train-  
man residing at 317 Main street, was  
struck by the water crane at Cobles-  
kill at about 5 o'clock yesterday morn-  
ing and was knocked from his train.  
His injuries consisted of a cut about  
two inches long on the back of the  
head and some contusions on the hip.  
Immediate attention was given by Dr.  
Becker of Cobleskill and Mr. Dewey  
was brought to Oneonta, where his  
injuries received further treatment at  
the Fox Memorial hospital, after  
which he returned home. Fortunately  
the train was moving slowly at the  
time, or his injuries would have been  
much more serious.

## PROCLAMATION BY THE MAYOR

Oneonta's Chief Executive Enjoins to  
Active Effort in Clean-Up Week.

The week beginning May 3rd has  
been designated by the Common Coun-  
cil as "Clean-Up Week."

As Mayor, I have appointed a com-  
mittee of which Health Officer Dr. Au-  
gustin is chairman, to help in planning  
and supervising the work, and I her-  
by urge the hearty co-operation of all  
in an endeavor to make Oneonta the  
cleanest city in New York state.

The winter's accumulations of piles  
of rubbish invite disease and fire and  
must be removed. Cellars should be  
thoroughly cleaned of all decaying  
vegetable matter; ash piles should be  
carted away; boxes and rubbish of all  
kinds in the rear of stores are both  
unsightly and dangerous and should  
be removed. Every property owner,  
householder, business man, factory  
employer, and all others should be in-  
terested and are urged to do their bit.

As an organization, the Boy Scouts  
can render effective service under the  
direction of a committee in charge. In  
short, the spirit of co-operation that  
has always been manifest in Oneonta  
is earnestly solicited that the best pos-  
sible conditions as to health, safety  
and general appearance may prevail.

A. E. Ceperley, Mayor.

## PLANS FOR MEMORIAL DAY.

Meeting Held Last Evening at Muni-  
cipal Building—To Name Committee.

In accordance with the announce-  
ment previously made there was a  
meeting of the G. A. R. and other or-  
ganizations and of citizens held last  
evening at the Municipal building for  
the purpose of arranging for Decora-  
tion day exercises in this city. There  
was a good representation, and mat-  
ters of interest were discussed and  
tentative plans were considered. A  
complete list of committees, however,  
cannot at this time be given, as all po-  
sitions have not been filled. They will  
it is understood, be announced at an  
early date, probably the present week.

### DEATHS.

Mrs. J. F. Burton.

Intelligence has been received here of the death recently of Mrs. Susie De Voe Burton, widow of the late Jesse F. Burton. Her death occurred at the home of her daughter, Mrs. Lester C. Lincoln, in Brooklyn, where she has resided since the death of Mr. Burton about two years ago. The daughter named is the only near relative surviving. The younger daughter, Ella Burton, who is well remembered here, died many years ago. Mrs. Burton was a former resident, her husband having been the traveling representative for the Scotchard Knitting mills here for a number of years.

### Farewell Sermon Wednesday Evening.

On Wednesday evening Rev. H. M. Moore will preach his farewell sermon at the Pentecostal mission on Valleyview street. Mr. Moore came to this city a little over two years ago to take the pastorate of the mission work. During the two years the membership has nearly doubled and the congregations have shown a gratifying increase. The benevolences of the mission have kept pace with the increase in numbers. Mr. Moore and his family have been a blessing to the life of the community and many friends will regret their leaving. Mr. Moore has accepted a call to the pastorate of the Church of the Nazarene, Danbury, Conn., where he begins his labors the first of May. A goodly number will no doubt avail themselves of the privilege of hearing Mr. Moore preach for the last time in this city.

### Twenty-Fourth Anniversary.

Perseverance lodge, No. 95, Ladies' auxiliary to the Brotherhood of Railway Trainmen, gave a banquet Monday evening in E. of R. T. hall. The occasion was the twenty-fourth anniversary of the organization of the lodge. About 100 members were in attendance and the evening was very pleasantly spent by all. A delicious banquet was served at tables decorated with flowers and ferns in green, red and white, the colors of the lodge; and afterwards there was an excellent program, consisting of recitations, dances, singing and violin, piano and Victrola selections.

### Births.

Born yesterday, to Mr. and Mrs. George Simmons, 8 Cleveland street, a nine-pound son, Earl William. A seven-pound daughter, Genevieve Paule, arrived on Monday at the home of Mr. and Mrs. Ray E. Mumford, 352 Main street. Both mother and child are doing nicely.

### PERSONALS

Mr. and Mrs. Charles Hendrickson were business callers in Oneonta yesterday.

Mr. and Mrs. Charles Adair of Oneonta spent Sunday with Mrs. Schenck in Schenectady.

Mrs. M. E. Bentley of 15 Division street left yesterday for a few days' visit with friends in Troy.

Mrs. William Toller is confined to her home at 11 Valleyview street by illness. She was reported yesterday as improved.

Mrs. J. Pickering of Schenectady returned home Tuesday after a visit with her sister, Mrs. Fred P. Hunt, 6 Grove street.

Mrs. Harold Barnes and son, Stewart, of Binghamton, are guests of the former's parents, Mr. and Mrs. Frank Price of Upper East street.

Mrs. William H. Koch of Third street left yesterday to spend the next few days with her parents, Mr. and Mrs. William Harmon, of New York city.

Mrs. C. Carl and Mrs. C. Glenden of Binghamton were in Oneonta Tuesday on their way to Cooperstown to visit the former's brother, Harry Carl, of that village.

Miss Emma White, who for the past three weeks has been the guest of her mother in Cooperstown and of her sister, Mrs. Lynn H. Deese, in Oneonta, returned yesterday to New York city.

Dr. Arthur W. Cutler is away on a motor trip to New York city. He is expected to return on Thursday and Mrs. Cutler who had preceded him to New York is expected to return with him.

Michael Glavin who for a few days had been a guest of relatives and friends in Oneonta, left last evening for New York city and Philadelphia, leaving that city after a brief sojourn for his home in Milwaukee, Wis.

Mrs. Emma Allen and son, Elmer, of South Side, Miss Mabel Hungerford, of Enamons, and Mrs. L. O. Epps and daughter, Ida, of Division street, were Sunday guests of Mrs. Allen's brother-in-law and sister, Mr. and Mrs. E. J. Scrambling of Treadwell.

Mr. and Mrs. William Bradt of Pasadena, Cal., arrived in Oneonta yesterday morning and are guests of the latter's mother, Mrs. Jesse Howe, and other relatives in city and vicinity. Mr. Bradt was for many years a popular passenger conductor on the D. & H., but owing to the failure of his sight, he retired about two years ago, and last fall moved to California.

Hon. Charles Smith was in New York city yesterday in attendance on a special meeting of directors of the Computing - Tabulating - Recording company of America. The meeting, at which George I. Wilber was in attendance, was called largely to consider the proposed new issue of capital stock, properly to finance the rapidly increasing business of the company.

Dr. Frank Wolford of Hartwick Seminary was in Oneonta Monday afternoon on his way home from a trip to Syracuse and Binghamton, for the purpose of arranging for the summer assembly to be held for the second year at the seminary. The plans for the assembly are already well under way, and the outlook is for a largely attended and very profitable session.

Mr. and Mrs. J. F. Thompson, who four months and a day before left Oneonta for a winter's sojourn in California, arrived home yesterday and are now at their home, 23 Ford avenue. They report a winter of continued good weather and with practically every minute enjoyable. The rain of yesterday in which they reached Oneonta had not more than two or three counterparts during the whole period of their absence.

### Davenport Boy Stricken.

Davenport, April 27.—Carlton, the ten-year-old son of Mr. and Mrs. Derram Roberts, was operated upon at 1 o'clock this afternoon at the family home here for appendicitis. The operation, which was performed by Dr. Brinkham of Oneonta, assisted by Dr. Latcher of Oneonta and Dr. Craik of Davenport, was entirely successful and the young lad is making a good recovery. He was stricken suddenly yesterday morning and was rapidly growing worse, so that it was necessary to operate as quickly as possible. Mrs. C. H. Pick of this village is the attending nurse.

When one hears the name Biderman, he naturally thinks of quality and accurate optical scientific examination of the eyes. Quality and accuracy is his motto. Kryptok one-piece bifocal lenses, \$12 for men, \$13 for Toric ground in every shape or size. 151 Main street. advt. 31

### THE CORNELL COUNTRYMEN

Eighty-Page Magazine Becomes Official Organ of Agricultural College Alumni Association of Which Floyd S. Barlow is President—Purposes of Association.

Floyd S. Barlow, manager for the Oneonta County Improvement association, attended the annual meeting of the Cornell Countryman association at Ithaca on Friday evening, April 24. The association publishes in the interests of the student body and former students an eighty-page monthly magazine, known as the Cornell Countryman. Arrangements were made at the meeting whereby the magazine will now become the official organ of the Agricultural College Alumni association, of which Mr. Barlow is president.

The College of Agriculture at Ithaca has 5,000 former students, all of whom will be interested in the plan to be put into effect at the college as a result of the passage by the legislature of a bill appropriating \$2,500,000 for the erection of suitable buildings, etc., of which the college is greatly in need.

The Alumni association is vitally concerned in the matter of increasing the percentage of the student body coming directly from the farms and expecting to return there, thus placing agriculture on a higher plane and also making valuable contribution to the community at large. At the present time about 50 percent of the students of the college have had no farm training. For these and many other reasons the affiliation with the Countryman seems most desirable.

The Alumni association now has on a campaign, lasting until May 29, to increase the membership, after which it will vigorously work upon the program now being formulated.

### Enjoyable Time at Masonic Hall.

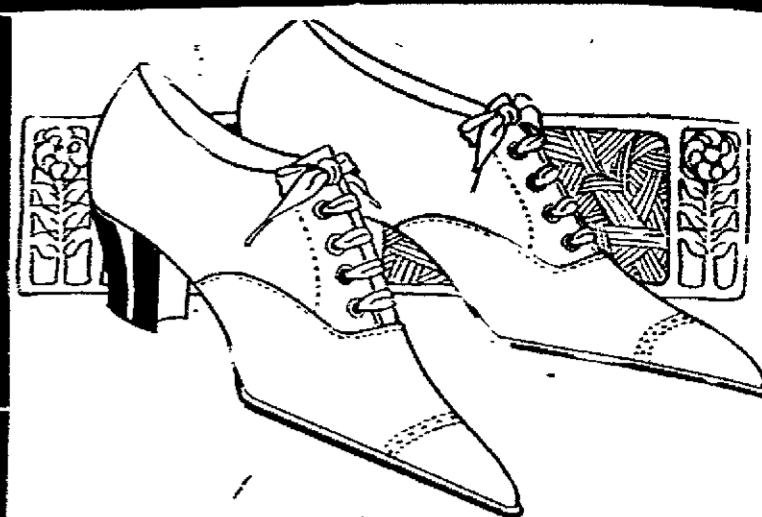

An enjoyable evening was spent by about 100 Masons and Eastern Stars last night at Masonic hall, when the first of a series of social evenings for the benefit of the fund to be used for the erection of a soldiers' monument on the grounds of the Eastern Star home at Oriskany, was successfully carried out. Cards, music and singing were indulged in and everybody had a fine time. Late in the evening, coffee and sandwiches were served. The net proceeds of the evening were \$22.

### Extension of Time on Water Rents.

To accommodate those who have been unable to pay in the 20 days allowed by our rules, the time for payment without commission is extended to May 2. In view of the fact that this is the only commodity that has not increased in price, it is expected that all water rents will be paid before that time. ## Nobody Knows

Just how long the high prices for clothes are going to last; these prices are due to so many different causes, all along the line from the raw wool to the finished product.

The high cost of clothes isn't our fault, or yours, or any one person's fault; it's everybody's fault; it springs from causes that started long ago.

It's a mighty good thing to economize, but just wearing overalls won't do it; people have got to save and buy only what they need and when they do buy, get the best, because it saves and lasts longer.

We've been telling you for the last year how you could reduce the cost of clothes—get good ones; the all-wool kind that last longer; you save because you buy fewer clothes.

Common Sense Comments on Health, Happiness and Security

### FEAR.

The chief fears which lower the vitality and invite disease are the fear of ill health, the fear of misfortune or bereavement and of loss of money or position. But should sickness, bereavement or adversity come to you, face the facts courageously, catching the spirit of the ancient song, "I Will Fear No Evil, for Thou Art With Me." Do not fear anything. Every morning when you awake repeat the words of this song, until the strength of them is felt in your mind and body. "In quietness and in confidence shall be my strength." Begin each day with these promises uttered aloud with confident assurance and again each night as you prepare for sleep and you will be surprised how much easier your days will be and how more restful will be your nights. The habit of serious, resolute, trustful meditation upon these divine assurances, once formed and held, works its own marvels. The verifiable results of such a practice upon health, upon mental adequacy, upon character, delicate and imperceptible though they seem at first, are increasingly registered upon the life within until they utter themselves in an enlarged and well-framed efficiency for all life's tasks. This is what the psalmist said—he was perfectly aware of the fact that life would not be all green pastures and still waters; he would be compelled to walk in and through the valley of many a shadow, but come what might, still he would not fear nor be afraid. The man whose inmost soul is filled with and possessed by such thoughts finds himself strongly fortified against the encroachments of disease.

According to your faith, your openness, your willingness, your capacity, be it unto you. If every one could form the habit of going about with the words "I will be well! I will be well! I will fear no evil, for Thou art with me! I will fear no evil, for Thou art with me!" on his lips, in his mind and deeply embedded in his heart, I do not say it would enable him to lie down with rattlesnakes or to drink water full of typhoid germs unharmed, but it would add greatly to his prospects of good health. Pitch your expectation high—look for the best, hope for the best, strive for the best, and according to your faith be it unto you. If you will say these words resolutely and keep on saying them trustfully, hopefully, that very action of your inner life will work wonders. I do not say that no disease can stand before you, for you are not omnipotent, but I do say that you will set in operation one of the great healing forces of the world. Fear of disease and death is normal; but to allow the mind to dwell on these things is to become a hypochondriac. To shrink from pain is as natural as hunger, and as necessary for the preservation of the race; but to be a slave to suffering is to be a nervous wreck. Stop talking about your ills, stop thinking about them, stop pitying yourself, fix your eyes on something high, fine, useful, be unafraid, and say bravely and steadily I will be well! I will! I will! I will fear no evil! You will be helped because then you will be in tune with the infinite—your desires and determination will be linked with the purpose of God for you.

We are put into this world with a clean way-bill to another port than this. Across the ocean of life our way lies straight to the harbor of eternity. We are freighted with a consignment which is bound to be delivered sooner or later at the Master's wharf. Let us be alert, then, to recognize the seriousness of our destinies, and content ourselves no longer with shallow soundings. Look to it that your ship is in good order, then spread the sails, weigh the anchor, and point the prow fearlessly and trustfully for the country that lies on the other side of the restless sea. Sooner or later, the voyage must be made. Let us make it, then, hopefully, courageously, uncompromisingly, with a resolute will at the wheel, and the great God himself to furnish the chart. Then shall we weather the wildest gales and find entrance at last to the Harbor of Peace. LEARN HOW TO LIVE!

Relief from great responsibilities, and contentment with humble clothing, humble fare, humble society, humble aims and ambitions, humble means and humble labors—Oh! how many weary, overloaded, nervous men—how many disappointed hearts—have sighed for such a boon!

He who would sleep at night must regulate his day, by not undertaking more than he can accomplish without undue stress, and, second, by carrying through what he does undertake without undue solicitude, anxious doubts, and morbid fears.

Health is not the mere absence of definite ailments, but that perfect poise between an active mind and an exuberant body.

To demonstrate life in its richest and brightest aspects, learn to rest like a child.

Can You Build a Bird House? The most talented singer in the world, not even excepting the night-gale, says the American Forestry Magazine of Washington, is the hermit thrush. A bird house building contest is arousing great interest among school children and the magazine is giving blue ribbons to the prize winners in schools throughout the country.

### GUAM LEADS EASY LIFE

Small Island in Mid-Pacific Not Worried by High Prices.

Guam, a small island in mid-Pacific, has no peace treaties or policies, no candidates or elections, no income taxes or poorhouses and high prices cause no worry. Added to this is a good American government.

Land is fertile and the sun works overtime for Guam. The 15,000 natives exact a living from the soil with a minimum of effort, raising enough only for their own needs. The internal government has a fish, meat and vegetable market where produce grown on the government farm is sold.

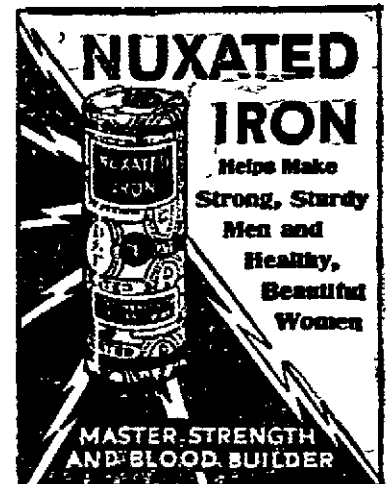

The government passed a labor law, compelling every able-bodied man to cultivate a bit of land, when war and a destructive typhoon came. The natives didn't object, but worked in groups so they could talk. In a year there were just five cases for charity.

Guam youngsters have it easy, as school sessions are only half a day, and there aren't enough teachers. School ages are from seven to twelve.

# Tires for the Smaller Cars— Built With Goodyear Methods

In using its immense resources and inventive skill to build the highest relative value possible into tires, this company has never made its work more effective than in Goodyear Tires for the smaller cars.

These have the full advantages of Goodyear competence and care, plus the modern facilities of the factory we are devoting to the world's largest production of 30x3-, 30x3½, and 31x4-inch sizes.

The sum of this extraordinary effort is available to you, as the owner of a Ford, Chevrolet, Dort, Maxwell, or other car using these sizes, at the nearest Goodyear Service Station Dealer's place of business.

Go to this Service Station Dealer for these tires, and for Goodyear Heavy Tourist Tubes. He is ready to supply you.

30x3½ Goodyear Double-Cure \$23.50  
Fabric, All-Weather Tread

30x3½ Goodyear Single-Cure \$21.50  
Fabric, Anti-Skid Tread

Goodyear Heavy Tourist Tubes are thick, strong tubes that reinforce casings properly. Why risk a good casing with a cheap tube? Goodyear Heavy Tourist Tubes cost little more than tubes of less merit. 30x3½ size in water—\$4.50 proof bag.

## BLAME ON PAPER

Atrocious Wall Coverings Cause of Bad Temper.

In Article on the Subject, English Journal Makes Serious Charge Against Designers Who Give Fancy the Reins.

"It isn't your liver which is wrong. It is your wall paper!" may possibly be the exclamation of the doctor in the near future. Instead of sending round to the chemist for salts and senna, the man who feels his nerves to be jangled, his digestion to be rotten and a taste in his mouth like sucked pennies, will call in the men with the ladders, the paste bucket and the slapdash brushes.

Many a man thinks he is bad tempered and takes himself seriously to task, as he reads his paper in the train, for having left behind him a family in tears, when really, he is perfectly innocent.

If he did break out and say things and slam doors and throw things about and ask who had been chopping firewood with his best razor and call the breakfast bacon "putrid"—it probably was not that he was "ratty," but that the wallpaper all over his house was enough to give a rhinoceros a thin skin, a writer in London answers asserts.

In the days before wallpapers were invented the world bred quite a large and regular crop of saluts. The reason no new saint ever appears on the horizon is due to wallpapers. Who could be a saint and live with the atrocious convolutions, evolutions and pyrotechnics of the modern wallpaper?

The thing is impossible. A wall covered with a fruit salad of cherries, with leaves to match, may be borne with for a day, or even a week, but when it comes to living with it a whole year, and often much more, it gets on the nerves and frays the edges of the nervous system.

Then there is the flower paper, a few degrees worse than the fruit salad contraption. A little red rose or two scattered broadcast on a nice, creamy background may be all right, but when it comes to what the Covent garden porter calls "A market bunch" repeated all over the wall 520 times it is calculated to send a Galapagos tortoise into hopping madness.

Then it is a funny thing how wallpaper designers love big flowers. They wouldn't be seen looking at a daisy or a primrose, but put a sunflower or a dahlia or a rhododendron or a prize chrysanthemum or some mixture of all these which makes a flower no one ever saw outside an opium dream and they go for it with avidity and reproduce it by the hundred gross!

Paperhangers would be well advised to change their method of advertising their craft. It is no use to put up a sign simply saying that you are a house decorator, "estimates free," and that sort of rot. Say, rather:

"N. O. Arsalk, Professor of Rest Cure. Are you jumpy? Do you tremble when you see a job of work? Are you given to language? Do you assault the gas meter man and set the dog on the tax gatherer? What you want is a new wallpaper or two—something in low tones, restful and soothing."

## 60,000 IN WINE CELLARS

Rheims Finds Make-Shift Shelter for Half of Its Prewar Population.

Rheims, France.—France's "martyr city" has been able to offer make-shift shelter to 60,000 of its citizens, who have returned, thanks to its miles of wine cellars.

The city's prewar population was 120,000. It has been possible to resume the champagne industry almost at once. The recovery of the textile industry will be far less rapid, as the plants in the neighborhood were systematically destroyed, but already several are in working order again.

The latest sign of recovery is the resumption of the street car service, but it is typical of the ruined city that during the first trial run a house, already tottering, fell across the track, a few seconds after the car had passed, owing to the slight vibration.

## HAVE "ALL KINDS OF MONEY"

Esthonians Need "Rapid Calculator" When They Have to Make Change for a Cent.

London.—One advantage enjoyed by Great Britain, says the Daily Chronicle, is that although the exchange situation is adverse, the people know the worst.

According to the Board of Trade Journal, the Esthonians haven't this advantage. Their currency includes: Esthonian marks, Czar rubles, duma rubles, Kerensky rubles, Yudenitch rubles, Finnish marks, Danish kroner, Swedish kroner, "Ost" rubles and marks, relics of the German occupation, English notes and German marks.

## Find Rare Variety of Sugar on Firs

Washington.—Discovery of the growth of sugar on fir trees in British Columbia is announced in the American Forestry Magazine. The discovery resulted from investigations by Prof. John Davidson of the University of British Columbia at Vancouver.

Specimens are said to have indicated the presence of a large percentage of an extremely rare variety of sugar. Indians have made use of the sugar for many years, the article states.

## CAN'T SPEAK ENGLISH

Three Normal American Boys Never Taught to Talk.

Invent Glibberish When Neglected by Hard-Working Parents.

Pomona, Cal.—How easily the chain of civilization is broken and how definitely its very maintenance depends upon every parent's training of the child, is dramatically illustrated here in the case of the three Keown boys.

Harold, Udel and Roy Keown, ten, nine and eight years old, are healthy, physically normal American youngsters, living in a bustling town, who have never learned to talk, simply because their parents neglected to teach them how.

The astonishing case was placed before the Welfare League of Pomona a few days ago by a teacher who, when the boys appeared at school, discovered that while apparently otherwise normal, they seemed bereft of speech. The gibberish of the three Keown boys, who never learned to talk intelligibly, has a curious similarity to Hawaiian dialect. The following words comprise most of their vocabulary:

"Baa"—hunger. "Waa"—thirst. "Daa"—sleep. "B-r-r"—dog. "Meah"—cat. "Oh'h'h"—spanking. "Ooop"—tree. "Sw'sh"—water. "Tuckuck"—chicken. "Bap"—shoes. "Deedee"—pants. "Lah"—shirt. "Choo"—train or trolley cars. A whistle designated a bird. What they lacked in words they made up in signs.

An examination by specialists showed no defects.

The boys' father and his wife have worked early and late for years, having a hard time making a living for their brood. In addition to Roy, Udel

and Harold there are five older children. The harassed parents, too busy to give them much attention, simply turned the younger ones over to the older.

The boys have now been placed in three separate homes, where they are associating with other lads and where they are rapidly learning to speak.

Avoid the Cynic.

If you want to retain a wholesome view of life, if you want to hold your faith in mankind, if you want to have enduring peace of mind, keep away from cynics. Should any such be among your acquaintances, give them a wide berth. They may be bright, clever, entertaining people. Cynics often are. But they are poisonous people.—Chicago News.

## A WORLD REBUILT

By the Golden Rule  
not by the Rule of Gold

WHAT ARE the most precious elements in American Life?

Respect for the home? Jesus found women slaves; He made them companions. Down through the ages His Church has been the champion of women's rights and aspirations.

Respect for the man who works? It was the Carpenter of Nazareth who gave labor its great charter. "You are sons of God," He said. In that sentence Democracy was born.

Respect for property? Modern business is credit; and credit is character. All that makes property safe in the world is bound up in the reverence for law that religion breeds.

Respect for education? Who gave America her colleges? They were founded by Christian ministers, almost all of them.

On these great essentials must we build a better America, and a better world. And every one of them rests on the foundations of the Christian Church.

Thirty denominations of that Church are uniting now in a simultaneous campaign.

They are uniting because the task before the Church is too great for any one denomination; because there must be no duplication of effort; no waste.

They have had the courage to survey the whole task, and to ask for a budget large enough to sustain (1) the work abroad, (2) the work at home including

the Church's part in the huge task of Americanization, (3) the colleges and (4) hospitals supported by the Churches, (5) the religious training of the young, and to provide (6) a living wage for the Church's ministers.

The appeal is to every lover of America, to you whether you are inside the Church or out. The rebuilding of the world is a spiritual task. Faith must be the cornerstone on which the new foundations are laid true; the measuring rod by which the builders build must be the Golden Rule.

Give when the call comes to you—give with your heart as well as your pocket-book

THE LIBRARY OF CONGRESS.

A LIBRARY for congress was an unquestioned necessity. Consequently, the congressional library was founded about the same time the government was first established, or in 1800. It was entirely destroyed by fire in the war of 1812 and also suffered seriously from fire at a later date. So, congress authorized the construction of a building that could not be burned. Result, the present structure, completed in 1897, said to be the most perfectly adapted for the convenient use and storage of books of any large library in the world, likewise the largest, costliest and safest.

It consists of three stories, a basement and a dome, covers almost three and one-half acres and has a total floor space of about eight acres. You can better grasp the magnitude of this building, when I tell you that it contains 22,000,000 bricks, to say nothing of the other materials, and has 82,206 shelves with a total length of about forty miles.

It now houses considerably more than one million books and pamphlets, which is the largest single collection on the western hemisphere. Its estimated total capacity is about 1,600,800 publications. Its more than 2,600 windows render it the best lighted library in the world.

The colorings of the reading room are soft, quiet, rich and warm, being conducive to the greatest comfort. The walls carry many helpful and inspiring inscriptions. Its conspicuous beauty or charm, however, is in the wonderful mural decorative scheme, it being unquestionably the most gorgeously decorated public building in America.

## HOW TO RAISE BABY CHICKS

Put Avicol in the drinking water.

Most people lose half of every hatch, and seem to expect it. Chick cholera or white diarrhoea is the trouble. The U. S. Government states that over half the chicks hatched die from this cause.

An Avicol tablet, placed in the drinking water, will save your little chicks from all such diseases. Inside of 48 hours the sick ones will be as lively as crickets. Avicol keeps them healthy and makes them grow and develop.

Mrs. Vannie Thackeray, R. F. D. 3, St. Paul, O., writes: "I had 80 chicks and lost 40 but 22. Then I commenced on Avicol and haven't lost any since. They have grown wonderfully."

It costs nothing to try Avicol. If you don't find that it prevents and promptly cures white diarrhoea, chick cholera, and all bowel diseases of poultry, tell us and we will send you a bottle of Avicol by mail. Avicol is sold by most druggists and poultry remedy dealers, or you can send 50c for a bottle today for a package by mail postpaid. Burrill-Dunbar Co., 659 Columbia Bldg., Indianapolis, Ind.
